22nd October 2024

Dear Parents,

Due to significant increases in food and energy costs during the last year, after careful consideration, we are having to increase the cost of school meals to £2.75. This will be with effect from 4th November 2024 when we implement our new seasonal menus. I can also confirm that we are very much in line or in some cases below the market in terms of paid meal prices.

Please be rest assured that we are working very closely with our suppliers to ensure we get the right product at the right price.

Our catering department, Zest Catering, provides high quality, healthy menus that conform to the government's guidelines and, where possible, include sustainably and locally sourced ingredients. We are confident that they continue to represent good value for money.

If you require information regarding free school meals, please do not hesitate to contact school office. If you have any queries regarding our school meals service in general, please feel free to email Zest directly at zest@futuralearning.co.uk

Kind regards

SINAN KARADAG
