

Wansdyke Primary School Calculation Policy 2019

Reception			
Non-negotiable Milestones	Early learning Goals	<u>Addition</u>	<u>Subtraction</u>
<p>Count reliably from 1 to 20.</p> <p>Place numbers to 20 in order and say which number is one more or less than a given number.</p>		<p><u>Mental</u> Number bonds to 5 and 10.</p>	<p><u>Mental</u> Number bonds to 5 and 10.</p>
		<p><u>Written</u> Recognise +1 to mean 1 more. Recognise = to mean the same as Simple addition problems using quantities and objects. Add 2 single-digit numbers and count on or back to find the answer up to 10.</p>	<p><u>Written</u> Recognise -1 to mean 1 less. Recognise = to mean the same as Simple subtraction problems using quantities and objects. Subtract 2 single-digit numbers and count on or back to find the answer up to 10.</p>
Non-negotiable Milestones		<u>Multiplication</u>	<u>Division</u>
		<p><u>Mental</u> Orally refer to \times with the language of repeated addition. Use 'groups of' 'lots of' in discussion.</p>	<p><u>Mental</u> Orally refer to \div with the language of sharing.</p>
		<p><u>Written</u> Solve doubling problems using objects and record pictorially or photographs.</p>	<p><u>Written</u> Solve halving problems using objects and record pictorially or with photographs.</p>

Year 1			
Non-negotiable Milestones	National Curriculum	Addition	Subtraction
<ul style="list-style-type: none"> Understanding of numbers to 100. Uses number bonds to 20 when adding and subtracting. Understanding of concept of half and quarter of shapes and quantities. Can explain the value of coins and notes. Uses vocabulary related to days, weeks and months. Can tell the time to o'clock and half past. Can measure in non-standard units. 	<ul style="list-style-type: none"> Read, write and interpret mathematical statements involving addition (+), subtraction (-) and equals (=) signs Represent and use number bonds and related subtraction facts within 20 Add and subtract one-digit and two-digit numbers to 20, including zero Solve one-step problems that involve addition and subtraction, using concrete objects and pictorial representations, and missing number problems such as $7 = \square - 9$. 	Mental Number bonds to 10 and 20.	Mental Number bonds to 10 and 20.
		Written <p align="center">Number line – counting in ones</p> <p align="center">$7 + 4 = 11$</p> 	Written <p align="center">Number line – counting back in ones</p> <p align="center">$11 - 4 = 7$</p> 
Non-negotiable Milestones	National Curriculum	Multiplication	Division
<ul style="list-style-type: none"> Beginning to understand the concept of multiplication and division. Can count in multiples of 2, 5 and 10. 	<ul style="list-style-type: none"> Solve one-step problems involving multiplication and division, by calculating the answer using concrete objects, pictorial representations and arrays with the support of the teacher. 	Mental Counting in steps of 2, 5 and 10. Double numbers up to 20	Mental Counting in steps of 2, 5 and 10. How many steps of 2 does it take to get to 12? Halve even numbers up to 20.
		Pictorial There are three sweets in one bag. How many sweets are there in 5 bags? 	Practical division of objects 12 footballers shared into three teams.  <u>Sharing and grouping using pictures.</u>

Year 2			
Non-negotiable Milestones	National Curriculum	Addition	Subtraction
<ul style="list-style-type: none"> ▪ Demonstrates secure understanding of place value up to 100 and applies this when solving calculations. ▪ Can calculate all four operations using mental and written methods. ▪ Can apply the inverse to addition and subtraction calculations. ▪ Can use number bonds to find related facts to 100. 	<ul style="list-style-type: none"> ▪ Solve problems with addition and subtraction: using concrete objects and pictorial representations, including those involving numbers, quantities and measures ▪ Applying their increasing knowledge of mental and written methods ▪ Recall and use addition and subtraction facts to 20 fluently, and derive and use related facts up to 100 ▪ Add and subtract numbers using concrete objects, pictorial representations, and mentally, including: <ul style="list-style-type: none"> - a two-digit number and ones - a two-digit number and tens - two two-digit numbers - adding three one-digit numbers ▪ Show that addition of two numbers can be done in any order (commutative) and subtraction of one number from another cannot ▪ Recognise and use the inverse relationship between addition and subtraction and use this to check calculations and solve missing number problems. 	<p><u>Mental</u> Adding 9 and 11 Adding 19 and 21 Partitioning</p> <p><u>Written</u> Using an empty number line</p> <div style="text-align: center;"> $23 + 12$  </div> <p>Expanded addition $42 + 34$</p> $\begin{array}{r} 40 + 2 \\ 30 + 4 \\ \hline 70 + 6 \end{array} = 76$	<p><u>Mental</u> Subtracting 9 and 11 Subtracting 19 and 21 Partitioning Counting on to find a difference where numbers are close.</p> <p><u>Written</u> Using an empty number line</p> <p>Counting back $37 - 25$</p> <div style="text-align: center;">  </div> <p>Counting on $82 - 49 =$</p> <div style="text-align: center;">  <p style="color: blue; font-weight: bold;">$10 + 10 + 10 + 3 = 33$</p> </div>
<ul style="list-style-type: none"> ▪ Demonstrates fluency in multiplication and division facts for 2, 5 and 10 times tables. ▪ Can calculate all four operations using mental and written methods. ▪ Uses their knowledge of fractions to find, name and write $1/3$, $1/4$, $2/4$, and $3/4$. 	<ul style="list-style-type: none"> ▪ Recall and use multiplication and division facts for the 2, 5 and 10 multiplication tables, including recognising odd and even numbers ▪ Calculate mathematical statements for multiplication and division within the multiplication tables and write them using the multiplication (\times), division (\div) and equals ($=$) signs ▪ Show that multiplication of two numbers can be done in any order (commutative) and division of one number by another cannot ▪ Solve problems involving multiplication and division, using materials, arrays, repeated addition, mental methods, and multiplication and division facts, including problems in contexts. 	<p><u>Multiplication</u></p> <p><u>Mental</u> Multiplication facts for 2,5, and 10 Use knowledge of doubling</p> <p><u>Written</u> Creating arrays</p> <div style="text-align: center;">  </div> <p>Number line</p> <div style="text-align: center;">  <p>4×2 or 2×4</p> </div>	<p><u>Division</u></p> <p><u>Mental</u> Division facts for 2,5 and 10 Use knowledge of halving</p> <p><u>Written</u> Creating arrays $8 \div 4$</p> <div style="text-align: center;">  </div> <p>$6 \div 2 = 3$</p> <div style="text-align: center;">  </div> <p>$11 \div 4 = 2 \text{ r } 3$</p> <div style="text-align: center;">  </div>

Year 3							
Non-negotiable Milestones	National Curriculum	Addition	Subtraction				
<ul style="list-style-type: none"> ▪ Applies an understanding of the place value of numbers up to 1000. ▪ Can add and subtract 3 digit numbers. ▪ Has an understanding of fractions including tenths 	<ul style="list-style-type: none"> ▪ Add and subtract numbers mentally, including: <ul style="list-style-type: none"> - a three-digit number and ones - a three-digit number and tens - a three-digit number and hundreds ▪ Add and subtract numbers with up to three digits, using formal written methods of columnar addition and subtraction ▪ Estimate the answer to a calculation and use inverse operations to check answers ▪ Solve problems, including missing number problems, using number facts, place value, and more complex addition and subtraction. 	<p><u>Mental</u> Adding TU to TU when they are secure with partitioning method from written. HTU + U HTU + multiple of ten HTU + multiple of hundred Estimating answers first</p>	<p><u>Mental</u> Subtracting TU to TU when they are secure with partitioning method from written. HTU - U HTU - multiple of ten HTU - multiple of hundred Estimating answers first Counting up to find a difference where numbers are close together with appropriate numbers</p>				
		<p><u>Written</u> Number line – estimate first. $223 + 12$</p>  <p style="text-align: center;">Expanded addition</p> $\begin{array}{r} 358 \\ + 73 \\ \hline 11 \\ 120 \\ \hline 300 \\ 431 \end{array}$ <p style="margin-left: 100px;">(8+3) (50 + 70)</p>	<p><u>Written</u> Number line – estimate first. $197 - 15$</p>  <p style="text-align: center;">Expanded subtraction</p> $\begin{array}{r} 754 \quad 700 \quad 50 \quad 4 \\ - 86 \quad \quad 80 \quad 6 \\ \hline \quad 600 \quad 60 \quad 8 = 668 \end{array}$ <p>"We need to rearrange the number so that there are enough tens to complete the subtraction." "</p> $\begin{array}{r} 754 \quad 600 \quad 140 \quad 14 \\ - 86 \quad \quad 80 \quad 6 \\ \hline \quad 600 \quad 60 \quad 8 = 668 \end{array}$				
Non-negotiable Milestones	National Curriculum	Multiplication	Division				
<ul style="list-style-type: none"> ▪ Demonstrates fluency using multiplication and division facts for 3, 4 and 8 times tables. ▪ Can multiply and divide 2 digit and 1 digit numbers. 	<ul style="list-style-type: none"> ▪ Recall and use multiplication and division facts for the 3, 4 and 8 multiplication tables ▪ Write and calculate mathematical statements for multiplication and division using the multiplication tables that they know, including for two-digit numbers times one-digit numbers, using mental and progressing to formal written methods ▪ Solve problems, including missing number problems, involving multiplication and division, including positive integer scaling problems and correspondence problems in which n objects are connected to m objects. 	<p><u>Mental</u> Multiplication facts for 3,4 and 8 Multiplying multiples of 10 e.g. 30 x 4</p>	<p><u>Mental</u> Division facts for 3,4 and 8</p>				
		<p><u>Written</u> Grid Method</p> <table border="1" style="margin-left: auto; margin-right: auto;"> <tr><td>x</td><td>20</td><td>3</td></tr> <tr><td>8</td><td></td><td></td></tr> </table> <p style="text-align: center;">With manipulatives and then without</p> <p style="text-align: center;">Expanded multiplication</p> $\begin{array}{r} 48 \\ \times 9 \\ \hline 54 \quad (9 \times 6) \\ 360 \quad (9 \times 40) \\ \hline 414 \end{array}$	x	20	3	8	
x	20	3
